

Corporate Overview

Company name	Stec Co., Ltd.
Address	2797-3 Iya, Higashiizumo-cho, Matsue-shi, Shimane, 699-0101 Japan
Established	March 25, 1991
Capital	JPY 85 million
Number of employees	37 (Headquarters) 110 (Consolidated)

Product Portfolio

Vacuum Plasma Equipment

- Roll-to-Roll Vacuum Plasma
- Bell jar Vacuum Plasma
- Plate/Sheet Vacuum Plasma
- Bottle Vacuum Plasma

Metal Analysis

- Sample Preparation Systems for Elemental Analysis of Ferrous and Non-Ferrous Metals

Cement Analysis

- Automatic Fusion Bead Preparation Systems
- Automatic Free Lime Analyzers
- Blaine Air Permeability Testers
- Automatic Vibratory Disc Mills
- Slag Sample Preparation Systems

Cutting & Processing

- Carbide-Tipped Circular Saw Cutting Systems
- Abrasive Cut-Off Machines (Wet / Dry)

Automation Systems

- Marking Systems (Dot Peen / Inkjet / Laser)
- Robotic Handling Systems
- Dimensional Measurement Systems
- Material Handling Systems
- Automated Inspection Systems
- Custom-Engineered Automation Solutions

Biotechnology Systems

- Fully Automated Protein Crystallization Systems
- Automated Liquid Handling Systems
- Fully Automated Glycan Synthesis Systems
- Cell Fusion and Recovery Systems

Environmental Systems

- Fluorescent Lamp Crushing Systems
- Sample Preparation Systems for Asbestos Analysis
- Sample Preparation Systems for Soil Analysis
